LOCAL MATTERS.

WEATHER PROBABILITIES.—For this section fair to-night and Tuesday; warmer Tuesday; northerly winds becoming easterly.

REPUBLICAN COMMITTEE.—The Republican City Committee met Saturday night at Sarepta Hall. Thomas H. Rayne, as acting secretary, called the meeting to order, after which Thos. J. Eblein was chosen chairman. A letter was read from State Chairman Lamb, in which the committee was recognized as the regular organization. The following was unanimously adopted:

Whereas, J. S. Crupper, city chairman, has, by his conduct, proved himself unworthy to the members of this committee, said committee consisting of the following members: (1) His meeting the committee on the night of February 16, at the Bradock House, pleading illness and asking for an adjournment for one week. (2) His declaration to preside at the meeting of the committee at the City Hotel, on the night of February 23, on the frivolous pretext that he was not being held at the place by agreement upon. (3) His calling together ten members of the committee, four of the ten having previously participated in the selection of this committee, and it requiring him to make a quorum, and launching a rumormongering campaign, and by advocating this committee he simply makes a reflection on the committee of the proposition; for if any set of delegates has the right to select two committee members, a third one is yet a possibility, and so the process might be continued indefinitely; therefore, be it

Resolved, That it is the sense of this committee that he has seriously impaired his usefulness as city chairman, and that he is hereby deposed.

After passing the above resolution James P. Lash was elected city chairman to fill the vacancy, and Thos. H. Rayne, secretary. H. C. Nalls was also elected a member of the committee from the Third Ward. Four applications for endorsements for positions under the present administration were received and endorsed. It is said that the action of the committee will not be recognized by Mr. Crupper or his friends.

POLICE COURT.—The following cases were disposed of this morning:

George Wright, arrested by Officer Knight for being drunk in the street, was discharged, it appearing that he had work in Fairfax county and had been locked up since Saturday night.

Mary Jenkins and Jane Solomon, both colored, arrested by Officers Young and Deane for drunken and disorderly conduct, were fined \$5 each and in default of payment sent to the work house.

Clare Gentry and Chas. Mitchell, two Richmond youths, fired with a spirit of adventure, arrested by Officer Roberts charged with vagrancy, were dismissed, it appearing they were on their way home.

Georgie Holmes, Amanda Johnson and Lizzie Carter, all colored, arrested by Officers Sherwood, Howson and Knight for drunken and disorderly conduct, were fined \$5 each and in default of payment sent to the work house.

Edward Stillards, colored, arrested by Officer Atkinson charged with stealing George Fagin's house, was fined \$5 and in default of payment was sent to the chain gang.

Theodore Rouse and Mary Springsteel, charged with drunken and disorderly conduct, were fined \$5 each, and in default of payment the woman was sent to the work house and the man to jail.

A warrant was issued for the arrest of several boys who are charged with defacing property in the Fourth ward.

Night Report.—Last night was clear and cool. Six prisoners and three lodgers were at the station house.

MEMORIAL DAY.—Monday next, May 24th, the 36th anniversary of the departure of the Confederate troops from Alexandria, will be observed in this city as Confederate Memorial Day by Lee Camp, the various auxiliary societies and by many of the civic organizations of the city. The exercises in the main will be similar to those of the past several years. In the morning the graves of the Confederate soldiers buried in the various cemeteries near the city will be strewn with flowers and in the evening the exercises proper will be held. There will be a parade through the principal streets of the city and an address at the monument by Rev. John McGill, of Falls Church. The procession will be composed of Lee Camp, Sons of Veterans, Children of the Confederacy, the Alexandria Light Infantry, Rathbone Company, U. R. K. of P., the fire companies, the Third Regiment Drum Corps, &c. The procession will form on Washington street, near Columbus, and after a march through the streets will form around the monument where the services of prayer and singing will be held and the address delivered. The monument will be decorated with flowers and the procession will reform and march to Christ Church yard where the mound over the Confederate dead there will be strewn with flowers. There will also be music and the exercises will be concluded with "taps."

THE PRESIDENT'S SUMMER HOME.—It is said that President McKinley will probably soon change his residence from the executive mansion to Cherry Farm, a large country place in Alexandria county about two miles from Fort Myer. The residence is the property of ex-Senator Henderson. Mr. Henderson has decided to take his family to the Adirondacks, and as the place in Alexandria county is unoccupied, he has several times begged that the President would make it his home during the summer months that he is obliged to remain in Washington through the session of Congress. Mr. McKinley has had the offer under consideration for some time. It is reported on good authority that he has made up his mind to accept.

CHILDREN'S DAY SERVICE.—Last evening an interesting Children's Day service was held at Del Ray Methodist Church, and the exercises were attended by a large number of the friends of the church as well as the scholars of the Sunday school. The pulpit and reading desk were tastefully ornamented with a profusion of flowers which, added to the smiling faces of the children, made a most pleasing picture. The excellent programme, consisting of singing, recitations, reading and addresses by the children and others, was admirably rendered. After an offering had been taken the delightful exercises closed with singing the doxology, with benediction by the pastor.

A regular weekly meeting of Belle Haven Council, Junior Order of Mechanics, will be held in Jr. O. U. A. M. Hall to-night.

THE LYNCHBURG OFFICE AND CIVIL SERVICE.—Mr. Park Agnew, who returned one day last week from a brief visit to Washington and Alexandria, stated shortly after his arrival, that most of his time while absent from the city was spent in Washington. He said that no movement had been made looking to the removal of the headquarters of the district from Lynchburg to Alexandria. When asked as to what would be done in regard to civil service as applied to his department, he said that, judging by the general looks of things, civil service would be given a heavy blow. He did not specify, however, to what extent he thought the action of the republican party in reference to civil service would have effect. [Lynchburg News.]

Mr. Agnew spent yesterday and this morning in this city and returned to Lynchburg later in the day.

STRUCK BY A FREIGHT TRAIN.—A man about forty years of age, supposed to be Henry Heffler, of Rockville, Md., was struck by a northbound freight train on the Southern Railway at Jackson City yesterday morning, and received injuries from which he is likely to die. Heffler is supposed to have been drinking, and was asleep on the track as the train approached. The sounding of the engine whistle aroused him, and he awoke in an apparently dazed condition, and made an effort to get from in front of the engine. Before he could get off the track, however, the pilot of the locomotive struck him and hurled his body for some distance. The train was stopped and the man was picked up unconscious and carried to Washington. He was conveyed to the Providence Hospital, where it was found that his skull was fractured.

HANDS BURNED.—A well-known grocery merchant while testing a liquid incense this morning came to the conclusion that for the purpose for which it was intended it filled all claims and more. In the presence of the salesman a meal bin was carefully sprinkled with the fluid for the prevention or killing of weevil. A lighted match was then thrown in to test its inflammability and no bad results occurred. About 10 minutes later the merchant raised the lid of the bin to examine its condition. A lighted candle was used for the purpose and instantly the gases of the volatile fluid ignited and now the merchant is suffering from blistered hands from unexpected flames. He is grateful for unharmed eyesight or other damage which might have followed.

PERSONAL.—Capt. David Meade, of Clarke county, who has been visiting relatives in this city during the past few days, returned to his home this evening.

To-morrow evening a dance will be given in honor of Miss Mary C. Stokes and Miss Boykin, of Baltimore, by Miss Sara Daingerfield at Malvern, near this city, where the ladies are now visiting.

Mr. John D. Hooe was among those who attended the horse show in Baltimore last week.

Mrs. L. W. Ketcham, of Washington, accompanied by her daughter Maude, is visiting the family of Rev. Robert Chew, at Arlington. Later they will visit friends and relatives at Manassas.

SPECIAL SERVICES.—Rev. Mr. Claiborne, of the Seminary, preached to a congregation yesterday afternoon that filled every seat in the auditorium at the R. R. Reading Rooms. Miss Pollard, of this city, rendered two beautiful and touching solos, which were greatly enjoyed. To-night Rev. J. Ernest Thacker, of the Presbyterian Church, will preach, and a large attendance is expected, as Mr. Thacker is an interesting and attractive speaker. The service will begin at 7:30 o'clock, instead of 8, with a prayer and praise service.

DEATH AT THE INFIRMARY.—The wife of Mr. Daniel Sullivan died at the Infirmary this morning. The deceased had been a sufferer from internal trouble for some time. A report was stated subsequent to Mrs. Sullivan's death to the effect that her husband had made a murderous assault upon her and that death had followed. There was no foundation whatever for the rumor, and it is supposed to have originated from the fact that some years ago the domestic relations of the two had not been satisfactory.

DEAD.—Mr. Joseph Young, a well-known resident of this city, died at his home near the old canal basin this morning, after a short illness, resulting from wounds sustained when a United States soldier. The deceased came to this city about fifteen years ago, and for a long time had been engaged in the fish and oyster business here. Mr. Young lost one of his arms during the war. He leaves a wife and several children. His remains will be taken to Philadelphia for interment.

FAIRFAX COURT.—A telephone message received at this office at 2 o'clock to-day stated that Judge Love held his first court to day, but that very little business was done. The Judge had not appointed a Commonwealth's Attorney at that time but will probably do so later in the day. Until a Commonwealth's Attorney is appointed nothing will be done with Burnett, and Chichester, white, and Jamieson, colored, from Alexandria, now confined in the Fairfax jail for arson in West End.

A PERILOUS PRECIPITANT.—A little child of Mr. Edward Meade had a thrilling experience this morning. The child was in an outer house attached to its parents' residence on Wilkes street, when by some accident it fell through an opening into the well. Its cries brought members of the household to its rescue, and after some difficulty it was rescued from its perilous position.

REHEARSAL.—Those having the music in charge to be sung at the national cemetery on Decoration Day request all who have been invited to sing on that occasion to meet promptly at 8 o'clock to-morrow evening at the First Presbyterian Church, on south Fairfax street. As there are only two more rehearsals it is earnestly hoped they will be largely attended.

STRUCK BY A CAR.—While Doctor Brown was about to drive from Pitt street into King this morning an electric car collided with the hind wheels of his carriage and slightly damaged them. The doctor was uninjured, though all who witnessed the accident were of the opinion that it was a narrow escape.

CORPORATION COURT.—Judge J. E. M. Norton presiding.—The will of Jeremiah H. Frazier, colored, was fully proved and admitted to probate. Two liquor licenses were granted.

POLICE COMMISSIONERS.—A meeting of the board of police commissioners was held in the mayor's private office Saturday night. The only matter of public interest considered was the report of Chief Webster on the McCoy lynching. The board expressed the opinion that the police had faithfully discharged their duty in endeavoring to protect the negro from the mob.

SENT TO JAIL.—Justice Randolph Birch of the county this morning sent Wm. Bundy, colored, to the jail in this city for thirty days. Bundy was charged with stopping Peter Pearl, colored, on a public highway and demanding money of him.

LOCAL BREVITIES.

The Hydraulion fire company will meet to-night to make arrangements for attending the funeral of Mr. Joseph Young.

The steamer Florence is at the shipyard undergoing repairs and being repainted. She will leave next week for Norfolk.

The schooners Jas. Hoyt and John Proctor which arrived last week from Nova Scotia to W. A. Smoot & Co. have sailed for Georgetown and Quantico, respectively, for cargoes.

G. H. H. Gold and Anna Eichen, of Chicago, applied at the clerk's office in this city this afternoon for a license to get married. They obtained the necessary document and left in search of a minister.

At a meeting to day of the Alexandria Water Company the president was directed to have made a re-registration of the water renters. It is understood that Mr. J. J. Jamieson will be appointed to do this work.

The churches were all well attended yesterday. At Trinity M. E. Church at the morning service Rev. Sam Small preached, and \$1,010 were raised at this service to help pay the church debt. Mr. Small will deliver a lecture here next Wednesday night.

The water in the upper Potomac river on Saturday rose to a height of ten feet, overflowed its banks and flooded the lowlands at Williamsport. The high water also did serious damage again to dam No. 6 on the C. & O. canal, sweeping away the extensive repairs just made there.

An intruder on the premises of Mr. E. L. Hammond, on north Fairfax street, was frightened off on Saturday night about 11 o'clock by an alarm given and the prompt response to police whistles which created much excitement for a short time. The supposed purpose of the intruder was burglary or incendiarism.

A kerosene lamp exploded at the residence of Mr. Wm. Kettlin, on south Royal street, on Saturday night about half past eleven o'clock. Mr. Samuel Elliott, who was passing at the time, heard screams of distress and entered the house and by prompt action averted a threatened conflagration. No alarm was turned in and the damage done was small.

Work of rescuing the two cars which ran overboard at the B. & O. slip, foot of Wilkes street, on Friday night, was in progress yesterday and to-day. The car containing the ties (which floated) was brought ashore, but that having the pyrites aboard, and which sunk, will probably be pulled to pieces in endeavors to raise it. A crowd of people have been witnessing the work.

Rev. Lewis Wyatt, colored, died to-day at Lancaster, Pa., the result of injuries received a few days ago in a quarrel with Henry Armstead. Wyatt went there from Virginia recently. The men quarrelled and Armstead struck Wyatt on the head with a brick, fracturing his skull. Armstead is in jail and a charge of murder has been made against him.

Kentucky witnessed the spectacle this morning of two separate bodies sitting in session in the same hall, and each claiming to be the Goebel and Worthington bodies. One is for silver and the other for gold. There are all sorts of prophecies of serious trouble as both bodies are determined. An adjournment finally followed, and the fiction which reaches the hall first will lock the doors on the other.

Mrs. Gaffney, a widow 70 years of age, was found to-day, dead in her bed near Roxbury, Conn. There were upon her head a number of ugly wounds, indicating that she had been murdered.
